- Picture-in-Picture (PIP)
- Channel Lock
- Volume Lock
- Custom Logo
- Backlit
- Learning Silver
- Learning Option
- Backlight Option
- Silver Option

GUARANTEED COMPATIBILITY >>

World-Class Connectivity Software

- UEI delivers the largest and most comprehensive infrared (IR) library in the world.

Patented Upgradeability

- Easily extend the life of the Atlas OCAP DVR/PVR by updating the remote with additional IR codes as new devices enter the market.

Highlighted Features

QUICK SETUP >>

Preset to Cable Set-Top Box - Ships pre-programmed to your specific set-top box ID, saving time on installations.

Step and Set Library Search - A simple programming method that allows users to perform a library search for their device code.

Cable ID Code Lock - Locks the set-top box pre-programmed ID code, preventing accidental ID changes.

EASE OF USE >>

Channel Lock - Channel controls are pre-set to operate the set-top box, regardless of device mode.

Volume Lock - Allows the user to lock volume controls to a particular device, such as an audio receiver.

Permanent Code Retention - Non-volatile memory ensures code and ID defaults are never lost, even after battery changes.

ADVANCED FUNCTIONALITY >>

Learning (Optional) - Allows users to transfer unique commands from their original remotes directly into the Atlas OCAP DVR/PVR.

Master Power - Allows the user the option of turning all programmed equipment on or off with a single key press.

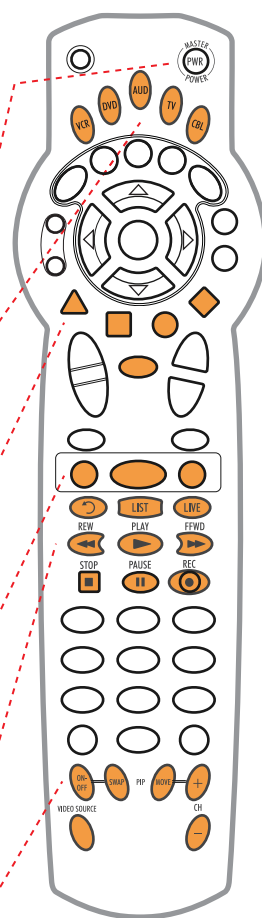

Device Mode Lights - Instant visual feedback with every key press to let the user know which mode the Atlas DVR/PVR is in at all times.

OCAP Compliant - A, B, C, and D keys; On Demand Key; and Page Up/Down keys for full control of advanced digital cable functions.

Macros - Three patented keys can be pre-programmed and labeled to give your subscribers instant access to revenue-generating premium services, including VOD.

Digital Video Recording (DVR) - Transport keys and other advanced features intuitively positioned for easy recording and playback.

Picture-In-Picture (PIP)

About Universal Electronics Inc. - Founded in 1986, Universal Electronics Inc. (UEI) is the global leader in wireless control technology for the connected home. UEI designs, develops, and delivers innovative solutions that enable consumers to control entertainment devices, digital media and home systems.

SPECIFICATIONS

Model Number
• URC-1056

Materials
• Plastic Housing- ABS
• Keypad- Silicon rubber

Packaging
• Each unit individually wrapped in polyethylene bag
• Each unit ships with one manual
• Units per case: 50

Warranty
• Mechanical: 36 months
• Silk-screen printing: 14 months

Power Supply
• 2 AA batteries (included)

Transmit Range
• Direct line of sight: 15 m (50 feet)
• 35 degree angle: 6 m (20 feet)

Dimensions
• Length: 9.3 in (236 mm)
• Width: 2.6 in (66 mm)
• Depth: 1.1 in (27 mm)
